

Welcome to Sitch!

The family game for real-world safety conversations.

YOUR GAME LINK

play.sitchthegame.com

Open this link in any browser — phone, tablet, or computer.

(Not sitchthegame.com — that's our shop page.)

How to start playing

1. Open play.sitchthegame.com in your browser.
2. Find your unlock code in your Gumroad receipt email.
3. Type it into the black 'ENTER UNLOCK CODE' box and tap Unlock.
4. Pick an age, a play style, and a deck — then play together!

How to play

1 · Pick a card

Read the scenario out loud as a family. Talk about what could happen next.

2 · Choose A, B, C or D

A–C are options.
D is 'something else' — say or type your own answer in your words.

3 · Talk it through

See why an answer is safe (or risky).
Earn XP, stickers, and a Safety Streak.

Quick reminder

- Play together — Sitch is best as a family conversation, not a solo quiz.
- Your unlock code is single-use per device. Keep your Gumroad receipt safe.
- Works on any modern browser. No app to install. No personal data collected.
